Gardner and several publications by the name of *Farm Journal, Farmer's Album* and *Farming World*. It is also said the department has determined upon the arrest and prosecution or Gardner on the grounds that his publications are a swindle on the public and a fraud on the United States mail service. WASHINGTON, April 21.—A telegram has been received by the inter-state commerce commission from San Jose, Cal., saying: "The New Almeden is the largest quicksilver producing mine in the United States. Its principal works are in new York where its product comes under competition with the Spanish quicksilver shipped at low rates of freight from London. The present trans-continental rates shut them out of the New York market entirely and will have consequently a disastrous effect on this industry."

Several telegrams have been received from the Pacific coast fruit interests setting forth the disasters threatened by the new trans-continental rates.

CHARLES M'CULLOCH.

In a Manly Way He Declines to Run for Water Works Trustee and Endorses Mr. Kunkle.

FORT WAYNE, April 21, '87.

Editor of The Sentinel.

I desire to publicly announce that I will not be a candidate for re-election to the office of water works trustee. My wish is that some good citizen who has at heart the best interests of our city and who will take an interest in one of its important department, may be my successor.

Having been identified with the building and the management of the works from the beginning, I look back with pride to the fact that every dollar has been honestly expended; that the department has been economically managed and that the revenues have increased beyond our expectations.

I regret that the reservoir has not been completed and that the future water supply is not more satisfactorily established, but these are questions that the council will settle before long.

I have heard Mr. E. B. Kunkle spoken of as a good man for the position. In my opinion no better selection could be made. Mr. Kunkle is a self-made man, a successful manufacturer, whose brain and industrious hands have made him what he is. When such men come to the front, the management of our city affairs will be in good hands.

Respectfully,
C. MCCULLOCH.

B. B. Evans, at 30 West Main street, will open, on Saturday, April 23rd, a complete and full stock of groceries, provisions, flour and feed, to which all are respectfully invited to call and see what bargains he will offer to his patrons. All goods are warranted as represented, and if not so may be returned and money refunded.

ROME CITY.

Meeting of the Board of Managers of the Assembly at Spring Beach Hotel—Partial List of the Attractions.

The board of managers of Island Park Assembly association met yesterday at Spring Beach hotel, in order to approve the selections of performers for the ensuing session, and transact such business as is required to place matters in shape. An unusually large number of members were in attendance. The ninth session of the association opens July 26, and closes August 8. The session will be a week later than usual, to accommodate the farming community. The attractions to be presented this year, as far as the program has been completed, are as follows:

Fourth of July the jubilee singers of the Nashville university will give a concert. The orator of the day has not been secured, but the superintendent is in correspondence with Gen. Lew Wallace.

The Goshen band will be present during the entire session, the Wilberforce concert company has been engaged for twelve days, the Shubert quartet girls three days. Professor C. C. Case and assistants serve the entire session. These parties furnish the musical entertainments.

The platform will have Rev. A. Willets, Dr. Pierson, of Philadelphia; Will Carleton, Frank Beard, Miss Lydia Von Finklesteiw, Sam P. Jones, Ex Senator Bruce, Mississippi; Representative Horr, of Michigan; Rev. W. L. Davidson and Rev. N. C. B. Love. The speaker for Grand Army day has not been named. An effort has been made to secure General Rosecrans. It is not yet certain that he can be had. It is possible that Mr. Murphy will appear on Temperance day. There are several places yet to be filled on the list of platform speakers.

In the way of entertainments for the evening, a system of stereopticon views, representing noted places will be shown, accompanied by suitable lectures.

Mr. Gillet, assisted by Revs. Love and Davidson, will have charge of the Sunday School Normal.

Dr. Pierson takes charge of the Ministers' Institute.

Prof. J. R. Knight will manage the school of art in which instruction is given in primary and advanced drawing; painting in oil; decorative painting and sketching from nature.

The kindergarden will again be under the management of Miss Lulu Zearing. The school of elocution under the direction of the National school of oratory, of Philadelphia. At the C. L. S. C. Round table a new feature will be presented.

Special days will be as follows: Opening day, Chatauqua day, Children's day, Temperance day, Grand Army day, Farmers' day and Closing day.

It is determined that the coming session shall be as good as any yet held, if not better.

Combining at Marion.

MARION, Ind., April 21.—The talk of the town here this morning is the consolidation of the Mississinewa and the Coal gas companies, or rather a combination between the two by the union of which each will occupy its separate field. The officials of the two companies are reticent upon the subject, and will say nothing further than that such a deal is under negotiation. The terms are understood to be that the Mississinewa company is to buy its rival's gas well and confine itself to supplying natural gas for heating purposes only, and the Coal gas company is to continue the manufacture of coal gas for illuminating purposes. The details will be made public in a day or two.

Real Estate Transactions at Muncie.

MUNCIE, April 21.—The bona fide real estate sales amounted to over $200,000 to-day. Colonel Neil, the speaker of the Ohio house of representatives, arrived yesterday. He represents a big syndicate of buyers. The Harris-Rice syndicate donated five acres of land to a large paper mill located here. Property purchased ten days ago is selling at 100 per cent. advance very rapidly.

Lebanon will build a $19,000 school house this summer.

The county commissioners of Cass county are making improvements in the court house that will cost $35,000.

Michigan City has the honor of producing a 13 year old horse thief. If convicted, he won't have to go far to serve out his sentence.

The inter-state commerce bill has crippled the Laporte ice company, owing to the increase of freights. It will put an end to the industry unless the rates are lowered.

A canning company has been organized at Evansville, with a capital stock of $30,000. The company will use ten thousand bushels of tomatoes daily when in operation.

Harvey Dinwiddy, in his will, left $30,000 for a "home for old men." The heirs contested the will and it was set aside. He resided near Rushville, this state, and was a farmer.

Meriette Hawyer, aged twenty-four years, and the son of a wealthy farmer of Butler township, in DeKalb county, committed suicide last week by cutting his throat from ear to ear. Poor health is assigned as the cause.

Once again the old saying that a democrat seldom dies while holding an office and never resigns, has proven untrue. Last Thursday Dr. Williams, postmaster at Cape, Ind., resigned the position. His pay for March was 45 cents.

A Warsaw man now understands what "long haul," as used in the inter-state commerce bill, means. He had been receiving a consignment of goods regularly from Cincinnati on which he paid $2.70 freight. Last week he received the same amount of goods and the freight on them was $6.66.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

SIMMONS LIVER REGULATOR

DYSPEPSIA

Up to a few weeks ago I considered myself the champion Dyspeptic of America, During the years that I have been afflicted I have tried almost everything claimed to be a specefic for Dyspepsia in the hope of finding something that would afford permanent relief. I had about made up my mind to adandon all medicines when I noticed an endorsement of SIMMON'S LIVER REGUKATOR by a prominent Georgian, a jurist whom I knew, and coneluded to try its effects in my case. I have used but two bottles, and am satisfied that I have struck the right thing at last. I felt its beneficial effects almost immediately. Unlike all other preparations of a similar kind, no special instructions are required as to what one shall or shall not eat. This fact alone ought to commend it to all troubled with Dyspepsia.

Wonderful Popularity of the Renowned Medicine.

The Greatest Curative Success of the Age—A Voice from the People.

No medicine introduced to the public has ever met with the success accorded to Hop Bitters. It stands to-day the best known curative article in the world. Its marvelous renown is not due to the advertising it has received. It is famous by reason of its inherent virtues. It does all that is claimed for it. It is the most powerful, speedy and effective agent known for the building up of debilitated systems. The following witnesses are offered to prove this.

What it Did for an Old Lady.

Coshocton Station, N. Y., Dec. 28, 1884.

GENTS:—A number of people had been using your Bitters here, and with marked effect. In fact, one case, a lady of over seventy years, had been sick for years, and for the past ten years I have known her she has not been able to be around half the time. About six months ago she got so feeble she was helpless. Her old remedies, or physicians, being of no avail, I sent to Deposit, forty-five miles away, and got a bottle of Hop Bitters. It had such a very beneficial effect on her that one bottle improved her so she was able to dress herself and walk about the house. When she had taken the second bottle she was able to take care of her own room and walk out to her neighbor's and has improved all the time since. My wife and children also have derived great benefit from their use.

W. B. HATHAWAY,
Agt. U. S. Ex. Co.

An Enthusiastic Endorsement.

Gorham, N. H. July 15, 1886.

GENTS;—Whoever you are, I don't know, but I thank the Lord and feel grateful to you to know that in this world of adulterated medicines there is one compound that proves and does all it advertises to do, and more. Four years ago, I had a slight shock of palsy, which unnerved me to such an extent that the least excitement would make me shake like the ague. Last May I was induced to try Hop Bitters. I used one bottle, but did not see any change; another did so change my nerves that they are now as steady as they ever were. It used to take both hands to write, but now my good right hand writes this. Now, if you continue to manufacture as honest and good an article as you do, you will accumulate an honest fortune, and confer the greatest blessing on your fellow-men that was ever conferred on mankind.

TIM BURCH.

A Husband's Testimony.

My wife was troubled for years with blotches, moth patches and pimples on her face, which nearly annoyed the life out of her. She spent many dollars on the thousand infallible (?) cures with nothing but injurious effects. A lady friend of Syracuse, N. Y., who had had similar experience and had been cured with Hop Bitters, induced her to try it. One bottle has made her face as smooth, fair and soft as a child's and given her such health that it seems almost a miracle

A MEMBER OF CANADIAN PARLIAMENT.

A Rich Lady's Experience.

I traveled all over Europe and other foreign countries at a cost of thousands of dollars in search of health and found it not. I returned discourged and disheartend, and was restored to real youthful health and sprits with less than two bottles of Hop Bitters. I hope others may profit by my experince and stay at home.

A LADY, AUGUSTA, ME.

The Seven Cuticura Boys

These seven beautiful boys owe their beauty of skin, luxuriance of hair, purity of blood, and freedom from hereditary taint or humors to the celebrated Cuticura Remedies.

Thousands of children are born into the world every day with some eczematous affection, such as milk crust, scall head, scuff or dandruff, sure to develop into an agonizing eczema, the itching, burning and disfiguration of which make life a prolonged torture unless properly treated.

A warm bath with Cuticura Soap, an exquisite skin beautifier, and a single application of Cuticura, the great skin cure, with a little Cuticura Resolvent, the new blood purifier, is often sufficient to arrest the progress of the disease and point to a speedy, and permanent cure.

Your most valuable Cuticura Remedies have done my child so much good that I feel like saying this for the benefit of those who are troubled with skin disease. My little girl was troubled with eczema, and I tried several doctors and medicines, but did not do her any good until I used the Cuticura Remedies, which speedily cured her, for which I owe you many thanks and many nights of rest.

Our oldest child, now six years of age, when an infant six months old, was attacked with a virulent, malignant disease. All ordinary remedies failing, we called our family physician, who attempted to cure it; but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle of his back down to his knees, was one solid rash ugly, painful, blotched and malicious. We had no rest at night, no peace by day. Finally, we were advised to try the Cuticura Remedies. The effect was simply marvellous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion, your valuable remedies saved his life, and today he is a strong, healthy child, perfectly well, no repetition of the disease having ever occurred. GEO. B SMITH,

PUNISHING FRAUD.

The Chicago Postmaster Refuses to Deliver Registered Mail to Fraudulent Publishers.

CHICAGO, April 21.—It is stated by a local paper that the postoffice authorities have stopped the delivery of registered mail to T. S. Gardner and several publications by the name of *Farm Journal, Farmer's Album* and *Farming World*. It is also said the department has determined upon the arrest and prosecution of Gardner on the grounds that his publications are a swindle on the public and a fraud on the United States mail service. Since the postoffice people here have begun to make it unpleasant for him, it is stated he has opened up in Cincinnati.

STILL KICKING.

Californians Badly Knocked out by the Inte-state Commerce Bill.

WASHINGTON, April 21.—A telegram has been received by the inter-state commerce commission from San Jose, Cal., saying: "The New Almeden is the largest quicksilver producing mine in the United States. Its principal works are in new York where its product comes under competition with the Spanish quicksilver shipped at low rates of freight from London. The present trans-continental rates shut them out of the New York market entirely and will have consequently a disastrous effect on this industry."

Several telegrams have been received from the Pacific coast fruit interests setting forth the disasters threatened by the new trans-continental rates.

Adjutant General Drum to-day received a telegram, stating that Major John E. Blaine, paymaster, (brother of Ex-Secretary Blaine) died at Hot Springs, Ark., this morning.

PITTSBURG, April 21.—A heavy coke train on the Pittsburg, McKeesport and Youghiogheny railroad ran into a large boulder at New Fuller station, fifty miles east of Pittsburg, at 7 o'clock this morning and was badly wrecked. Fireman Charles Salk and Brakeman George Lewis were caught between the engine and cars and crushed to death. Engineer Samuel Ramsey was thrown from the cab into the Youghiogheny river and quite severly hurt. He was rescued by the remaining members of the crew, who were not injured.

MILTON, Vt, April 21.—A train of twenty-seven loaded freight cars standing on the side track at Hurley's crossing, near this village, on the Central Vermont railroad, with no engine attached, started of their own accord this morning toward Swantown Junction and overtook and collided with a freight train moving north. When the runaway train overtook the freight they were running over fifty miles an hour. The result was that thirty cars of both trains were thrown down an embankment in an adjoining field and badly wrecked.

THE SENTINEL'S correspondent at Evansville telegraphs that a wreck occurred on the Air line at Taswell station last night, killing three men.

The New York Tribune Speaks Out.

NEW YORK, April 21.—The *Tribune*, in commenting on criticisms on its efforts to get information about the attitude of the soldiers toward the pension bills, makes the following reference to General Fairchild's order prohibiting the giving of information sent out by the Associated Press: "We should also like a little light on the announcement that the Wisconsin department commander has forbidden soldiers to answer any questions on the subject of pensions. We are inclined to think they will open and shut their mouths at their own good pleasure."

HORRIBLE!

Texas Streams Running Thick With Dead Cattle.

ST. LOUIS, April 21.—A special from Waco, Texas, says that rains have filled the heretofore almost dry channel of the Brazos river and have brought with the current a mass of poluted cattle carcasses that offset the advantages of the rain and give promise of disease.

Natural Gas in Indiana.

DECATUR, April 21.—The unlimited amount of natural gas found at Portland, Kokomo, Marion, Muncie and Anderson, southwest of Bluffton and this city, has stimulated the two latter towns to again make an effort to discover gas. Bluffton sank one well about a year ago, but failed. It now has a company organized, with a capital of $5,000, to put down three test wells in different parts of the city. This city has a company organized, with a capital of $1,000, to sink three wells and make a thorough test of this locality. The well that was drilled here six months ago to a depth of 1,300 feet, was abandoned on account of striking a vein of salt water.

In a Manly Way He Declines to Run for Water Works Trustee and Endorses Mr. Kunkle.

FORT WAYNE, April 21, '87.

Editor of The Sentinel.

I desire to publicly announce that I will not be a candidate for re-election to the office of water works trustee. My wish is that some good citizen who has at heart the best interests of our city and who will take an interest in one of its important department, may be my successor.

Having been identified with the building and the management of the works from the beginning, I look back with pride to the fact that every dollar has been honestly expended; that the department has been economically managed and that the revenues have increased beyond our expectations.

I regret that the reservoir has not been completed and that the future water supply is not more satisfactorily established, but these are questions that the council will settle before long.

I have heard Mr. E. B. Kunkle spoken of as a good man for the position. In my opinion no better selection could be made. Mr. Kunkle is a self-made man, a successful manufacturer, whose brain and industrious hands have made him what he is. When such men come to the front, the management of our city affairs will be in good hands.

Respectfully,

C. MCCULLOCH.

E. B. Evans, at 30 West Main street, will open, on Saturday, April 23rd, a complete and full stock of groceries, provisions, flour and feed, to which all are respectfully invited to call and see what bargains he will offer to his patrons. All goods are warranted as represented, and if not so may be returned and money refunded.

LOCAL NEWS.

Mr. Phil Singleton is the labor candidate for councilman in the Third ward.

Mr. A. L. Griebel has sold his fine carriage horse to Mr. Rothschild for $200.

Dr. Long is arranging the clerk's office to make the books and records more convenient and accessible to the attorneys and the public generally.

Deputy Constable Case, who was arrested last night for drunkenness and prowling around private houses, did not have a trial to-day. The matter was adjusted.

The councilmen who voted for stone pavement on Calhoun street, have been holding secret caucuses and a few luke-warm opponents of the material were admitted to the peculiar conclave. It is now certain that the matter will be taken into the courts.

The drillers at the new gas well struck an artesian well at a depth of 150 feet. The flow was powerful and flooded everything about the derrick. Work was suspended to-day and the water will be directed away through a pipe, the drilling then to proceed.

The funeral of the late Dr. H. C. McDowell occurs to-morrow morning at 10 o'clock, from the Arcola Catholic church, the doctor having been received into that faith before his death. The interment will be in the Catholic cemetery and Mr. J. C. Peltier will have charge of the funeral.

The reports of the bribery investigating committee of the late lamented republican house of representatives, are received in this city. Col. John A. Scott testifies in the role of a detective and tells about dogging the footsteps of democrats, the labor representatives and others who were interested in the election of Senator Turpie. The colonel details how he peeped in over transoms in hotels, how he lay under stairways listening to democratic representatives and otherwise conducted himself as a great republican should. The colonel's occupation was a mystery until now.

ANVIL CHORUS.

It is to be the Feature of the Hebrew Fair To-night—The Voting Contests.

The third night of the Hebrew fair is to be recorded a success and the great throng of people swayed to and fro to the matchless music of Reineke's orchestra.

Every department of the brilliant exhibition and festival was bright in fancy colors, while the ladies made it agreeable for the visitors. The telegraph office, the *Voice* sanctum and the flower circle are attractive places while one strays up against the booths and refreshment tables as easily as if he were going to a picnic.

The feature of this evening is the anvil chorus. It is a delightful treat to listen to 150 voices with ten anvils ringing merrily under the direction of Prof W. F. Heath.

The voting contests closed as follows: The mayor contest closed as follows: Lumbard, 220; Muhler, 125; Hanna, 20; Batchelder, 30.

The bachelor contest closed as follows: Lohman, 10; Friend, 70; Fisher, 10; Rothschild, 263; Falk, 23; Graff, 124; Cohn, 110; Krier, 10. This contest closes to-morrow night at 11 o'clock.

The contest for the most popular dry goods clerk closed as follows: Berger 10; Shultz, 10; McCurdy, 10; Goeke, 10; Boerneman, 10.

The clergymen's contest closed with: Rev. D. W. Moffat, 10; Father Koenig, 10; Father Brammer, 30; Rev. Aaron, 10; Rev. S. A. Northop, 66.

Program for to-night: Anvil chorus under Professor Heath. Starting of the "American" under Captain Goldsmith. Music by Reinecke's orchestra.

Cream and Cold Weather.

What a luxury is a bath in summer. Surely, but a greater luxury is a clear head in winter; just when everybody is sneezing and snuffling with a cold in the head. But when you are attacked use Ely's Cream Balm. It cures colds in the head, and what is better, it cures the worst cases of chronic catarrh and hay fever. Not a liquid, not a snuff. Pleasant to use. Quick relief. Radical cure.

ROME CITY.

Meeting of the Board of Managers of the Assembly at Spring Beach Hotel—Partial List of the Attractions.

The board of managers of Island Park Assembly association met yesterday at Spring Beach hotel, in order to approve the selections of performers for the ensuing session, and transact such business as is required to place matters in shape. An unusually large number of members were in attendance. The ninth session of the association opens July 26, and closes August 8. The session will be a week later than usual, to accommodate the farming community. The attractions to be presented this year, as far as the program has been completed, are as follows:

Fourth of July the jubilee singers of the Nashville university will give a concert. The orator of the day has not been secured, but the superintendent is in correspondence with Gen. Lew Wallace.

The Goshen band will be present during the entire session, the Wilberforce concert company has been engaged for twelve days, the Shubert quartet girls three days. Professor C. C. Case and assistants serve the entire session. These parties furnish the musical entertainments.

The platform will have Rev. A. Willets, Dr. Pierson, of Philadelphia; Will Carleton, Frank Beard, Miss Lydia Von Finklesleiw, Sam P. Jones, Ex Senator Bruce, Mississippi; Representative Horr, of Michigan; Rev. W. L. Davidson and Rev. N. C. B. Love. The speaker for Grand Army day has not been named. An effort has been made to secure General Rosecrans. It is not yet certain that he can be had. It is possible that Mr. Murphy will appear on Temperance day. There are several places yet to be filled on the list of platform speakers.

In the way of entertainments for the evening, a system of stereopticon views, representing noted places will be shown, accompanied by suitable lectures.

Mr. Gillet, assisted by Revs. Love and Davidson, will have charge of the Sunday School Normal.

Dr. Pierson takes charge of the Ministers' Institute.

Prof. J. B. Knight will manage the school of art in which instruction is given in primary and advanced drawing; painting in oil; decorative painting and sketching from nature.

The kindergarden will again be under the management of Miss Lulu Zearing. The school of elocution under the direction of the National school of oratory, of Philadelphia. At the C. L. S. C. Round table a new feature will be presented.

Special days will be as follows: Opening day, Chatauqua day, Children's day, Temperance day, Grand Army day, Farmers' day and Closing day.

It is determined that the coming session shall be as good as any yet held, if not better.

Combining at Marion.

MARION, Ind., April 21.—The talk of the town here this morning is the consolidation of the Mississinewa and the Coal gas companies, or rather a combination between the two by the union of which each will occupy its separate field. The officials of the two companies are reticent upon the subject, and will say nothing further than that such a deal is under negotiation. The terms are understood to be that the Mississinewa company is to buy its rival's gas well and confine itself to supplying natural gas for heating purposes only, and the Coal gas company is to continue the manufacture of coal gas for illuminating purposes. The details will be made public in a day or two.

Real Estate Transactions at Muncie.

MUNCIE, April 21.—The bona fide real estate sales amounted to over $200,000 to-day. Colonel Neil, the speaker of the Ohio house of representatives, arrived yesterday. He represents a big syndicate of buyers. The Harris-Rice syndicate donated five acres of land to a large paper mill located here. Property purchased ten days ago is selling at 100 per cent. advance very rapidly.

[From the World Travel Gazette.]

"Pond's Extract, the world-renowned remedy, after forty years of healing is still in the field and successfully used by millions while other preparations claiming to have similar merits have gone into oblivion after a short time."

This shows how a good thing is appreciated in both Hemispheres.

Please announce my name as a candidate for council for the second ward, subject to the decision of the democratic primary election. CHRISTIAN TRESSELT.

Items From Different Parts of the State That will Interest.

Lebanon will build a $10,000 school house this summer.

The county commissioners of Cass county are making improvements in the court house that will cost $35,000.

Michigan City has the honor of producing a 13 year old horse thief. If convicted, he won't have to go far to serve out his sentence.

The inter-state commerce bill has crippled the Laporte ice company, owing to the increase of freights. It will put an end to the industry unless the rates are lowered.

A canning company has been organized at Evansville, with a capital stock of $30,000. The company will use ten thousand bushels of tomatoes daily when in operation.

Harvey Dinwiddy, in his will, left $30,000 for a "home for old men." The heirs contested the will and it was set aside. He resided near Rushville, this state, and was a farmer.

Meriette Hawyer, aged twenty-four years, and the son of a wealthy farmer of Butler township, in DeKalb county, committed suicide last week by cutting his throat from ear to ear. Poor health is assigned as the cause.

Once again the old saying that a democrat seldom dies while holding an office and never resigns, has proven untrue. Last Thursday Dr. Williams, postmaster at Cape, Ind., resigned the position. His pay for March was 45 cents.

A Warsaw man now understands what "long haul," as used in the inter-state commerce bill, means. He had been receiving a consignment of goods regularly from Cincinnati on which he paid $2.70 freight. Last week he received the same amount of goods and the freight on them was $6.66.

If the liver and kidneys are sluggish and inactive, Hood's Sarsaparilla will rouse them to prompt and regular action. Take it now.

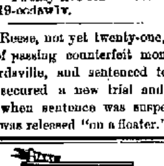

The Fort Wayne Turnverein will give a grand ball on Thursday evening April 21, at their hall. Tickets 50 cents.

Cod Liver Oil, with Hypophosphites
For Children and Pulmonary Troubles.
Dr. W. S. Hoy, Point Pleasant, W. Va., says: "I have made a thorough test with Scott's Emulsion in Pulmonary Troubles and General Debility, and have been astonished at the good results; for children with Rickets or Marasmus it is unequalled."

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

Mart Reese, not yet twenty-one, convicted of passing counterfeit money at Crawfordsville, and sentenced to two years, secured a new trial and plead guilty, when sentence was suspended and he was released "on a floater."

DYSPEPSIA

Up to a few weeks ago I considered myself the champion Dyspeptic of America. During the years that I have been afflicted I have tried almost everything claimed to be a specific for Dyspepsia in the hope of finding something that would afford permanent relief. I had about made up my mind to abandon all medicines when I noticed an endorsement of SIMMON'S LIVER REGULATOR by a prominent Georgian, a jurist whom I knew, and concluded to try its effects in my case. I have used but two bottles, and am satisfied that I have struck the right thing at last. I felt its beneficial effects almost immediately. Unlike all other preparations of a similar kind, no special instructions are required as to what one shall or shall not eat. This fact alone ought to commend it to all troubled with Dyspepsia.

Wonderful Popularity of the Renowned Medicine.

The Greatest Curative Success of the Age—A Voice from the People.

No medicine introduced to the public has ever met with the success accorded to Hop Bitters. It stands to-day the best known curative article in the world. Its marvelous renown is not due to the advertising it has received. It is famous by reason of its inherent virtues. It does all that is claimed for it. It is the most powerful, speedy and effective agent known for the building up of debilitated systems. The following witnesses are offered to prove this.

What it Did for an Old Lady.

Coshocton Station, N. Y., Dec. 26, 1884.
GENTS:—A number of people had been using your Bitters here, and with marked effect. In fact, one case, a lady of over seventy years, had been sick for years, and for the past ten years I have known her she has not been able to be around half the time. About six months ago she got so feeble she was helpless. Her old remedies, or physicians, being of no avail, I sent to Deposit, forty-five miles away, and got a bottle of Hop Bitters. It had such a very beneficial effect on her that one bottle improved her so she was able to dress herself and walk about the house. When she had taken the second bottle she was able to take care of her own room and walk out to her neighbor's and has improved all the time since. My wife and children also have derived great benefit from their use.

W. B. HATHAWAY, Agt. U. S. Ex. Co.

An Enthusiastic Endorsement.

Gorham, N. H. July 15, 1886.
GENTS:—Whoever you are, I don't know, but I thank the Lord and feel grateful to you to know that in this world of adulterated medicines there is one compound that proves and does all it advertises to do, and more. Four years ago, I had a slight shock of palsy, which unnerved me to such an extent that the least excitement would make me shake like the ague. Last May I was induced to try Hop Bitters. I used one bottle, but did not see any change; another did so change my nerves that they are now as steady as they ever were. It used to take both hands to write, but now my good right hand writes this. Now, if you continue to manufacture as honest and good an article as you do, you will accumulate an honest fortune, and confer the greatest blessing on your fellow-men that was ever conferred on mankind.

TIM BURCH.

A Husband's Testimony.

My wife was troubled for years with blotches, moth patches and pimples on her face, which nearly annoyed the life out of her. She spent many dollars on the thousand infallible (?) cures with nothing but injurious effects. A lady friend of Syracuse, N. Y., who had had similar experience and had been cured with Hop Bitters, induced her to try it. One bottle has made her face as smooth, fair and soft as a child's and given her such health that it seems almost a miracle.

A MEMBER OF CANADIAN PARLIAMENT.

A Rich Lady's Experience.

I traveled all over Europe and other foreign countries at a cost of thousands of dollars in search of health and found it not. I returned discouraged and disheartened, and was restored to real youthful health and sprits with less than two bottles of Hop Bitters. I hope others may profit by my experience and stay at home.

The Seven Cuticura Boys

These seven beautiful boys owe their beauty of skin, luxuriance of hair, purity of blood, and freedom from hereditary taint or humors to the celebrated Cuticura Remedies.

Thousands of children are born into the world every day with some eczematous affection, such as milk crust, scall head, scurf or dandruff, sure to develop into an agonizing eczema, the itching, burning and disfigurement of which make life a prolonged torture unless properly treated.

A warm bath with Cuticura Soap, an exquisite skin beautifier, and a single application of Cuticura, the great skin cure, with a little Cuticura Resolvent, the new blood purifier, is often sufficient to arrest the progress of the disease and point to a speedy and permanent cure.

Your most valuable Cuticura Remedies have done my child so much good that I feel like saying this for the benefit of those who are troubled with skin disease. My little girl was troubled with eczema, and I tried several doctors and medicines, but did not do her any good until I used the Cuticura Remedies, which speedily cured her, for which I owe you many thanks and many nights of rest.
ANTON BOSSMIER, Edinburgh, Ind.

Our oldest child, now six years of age, when an infant six months old, was attacked with a virulent, malignant disease. All ordinary remedies failing, we called our family physician, who attempted to cure it; but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle of his back down to his knees, was one solid rash, ugly, painful, blotched and malicious. We had no rest at night, no peace by day. Finally, we were advised to try the Cuticura Remedies. The effect was simply marvellous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion, your valuable remedies saved his life, and to-day he is a strong, healthy child, perfectly well, no repetition of the disease having ever occurred. GEO. B. SMITH,
Att'y at law and ex-pros. att'y, Ashland, O.
Reference: J. G. Weist, druggist, Ashland, O.

One year ago the Cuticura and Soap cured a little girl in our house of the worst sore head we ever saw, and the Resolvent and Cuticura are now curing a young gentleman of a sore leg, while the physicians are trying to have it amputated. It will save his leg.
